Gentlemen:

Will you kindly send
me your list of coins that
are of special value - and
their value.

I have some that have
been saving up for several
years, and would like to know
their value.

Very Truly

Dear Sir:

In response to your letter, I am sorry to write that there is no entirely satisfactory list of coins on which a premium is paid. I would suggest your writing the Elder Coin & Curio Company, 31 West 35th Street, New York City, as I think they publish a pamphlet which may be had at something less than a dollar. Our Museum does not issue such a list as you desire.

Very truly yours,

Secretary.
